### **OUR IDEAL STAYCATION**

Holiday or in other words staycation ? It sounds really boring because everyone thinks that there is no place to go in your own country but we can deny this!

Ukraine is enormous and each city has its own history.If you want to spend holidays in mountains - you can go to the Carpathian or if you want to learn more about the country's past - you can go to Chernivtsi . By the way ,this is our hometown )

We would really enjoy staying in Lviv . This is really beautiful city with old buildings, kind people and the best relief in whole world . 😊

Staycation isn't a staycation without friends ,so traveling is the best idea to learn more about each other .

**The first step** would be to walk around Rynok Square and of course, drink delicious coffee because there are a lot of restaurants and cafes .

Diana have never been in Lviv before,so I recommend her to visit the Theatre of opera and ballet.It's really impressive.

**The next station** would be the Potocki palace . It's a huge building of the Counts in the French Neo-Renaissance style of the late 19th century.

*Lviv in the evening is mesmerizing and musicians play and sing at every step , so this city is worth paying attention to! ❤️*
